GRAND EDUCATION FAIR

Deciding about fulfilling the career aspirations is great challenge before students after class 12. Decision on getting admission in a college or programme can be quite tricky for both students and their parents. Due to peer pressure, students end up taking wrong decisions in their careers and get into an uninteresting environment of studies. This situation needs to end. Government is aware and concerned about this issue and has taken various innovative steps to tackle the situation.

Grand Education Fair organized by Education Department, Govt. of Gujarat provides an ideal platform to students aspiring for higher studies and aims to promote collaborative excellence between academicians and other professionals from institutions. The fair will have stalls of various colleges & universities in Gujarat along with international agencies working on this area. Demonstrate their new and existing programmes, courses and other activities for holistic education with well-defined pathways for career growth.

Visitors to the event are all stakeholders of Skilling Eco-system and Educational system. Dignitaries from state govt. will be present during the event for direction interaction on various govt. schemes. The event is an excellent opportunity for students as they have informed choices and taking a decision would be easier for them. Admission procedure, placement guidance and other activities of institutions are displayed to a large number of youth visiting the event.

HIGHLIGHTS

- ▶ A mega exhibition of all educational institutions of Gujarat – more than 300 institutions participating in the event making it the largest Education Fair so far.
- ▶ Information on Admission procedure, course fee, term, location etc. of all institutions, universities and colleges for their various UG and PG programmes.
- ▶ Information on admission and student-exchange programmes available in foreign universities.
- ▶ Career guidance and counseling (a scientific process to choose a career depending on various factors such as student's interest, abilities and practical circumstances).
- ▶ Information and awareness on various state govt. schemes benefiting students by means of education loan and scholarship for Tablets, tuition fee, accommodation, meals, books and lab equipments.
- ▶ Daily theme based seminars running parallel to the exhibition delivered by experts and eminent speakers.
- ▶ Platform for discussing Innovation/idea/project with experts and peer group for the budding entrepreneurs.
- ▶ Information on future programmes by KCG (Knowledge Consortium of Gujarat) like collaboration : Industry – academia and Career Guidance Cell.
